INTRODUCTION

The information provided in this report is derived primarily from documents developed at the time the District was formed and from data provided by the Agency or accessed through the Agency. The information sources include the Rate and Method of Apportionment, annual budget, debt service schedule(s), and special tax/assessment delinquency data. The development status, prepayments and historical information were accessed through the Agency and/or the developer and are maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act (“Act”) of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53368 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District (“CFD”) or (“District”) within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only and is governed by the agency that formed it

A. FORMATION

On November 29, 2006, the Agency formed the District by the adoption of Resolution No. BFPD 2006-15. The qualified electors within the District approved the levy of the special tax in accordance with the rate and method of special tax.

B. BOUNDARIES AND DEVELOPMENT SUMMARY

The original boundaries of CFD No. 2006-1 are composed of two noncontiguous areas, of which one is located adjacent to and south of Tamarack Avenue and southeast of US Hwy 299, and the other is located adjacent to and northwest of US Hwy 299 and east of Black Ranch Road within the City of Burney. The aggregate area in the District is approximately 136.34 acres, consisting of 29 parcels on which 25 are subject to the special tax.

C. BONDS

There are currently no bonds issued for this District.

D. FINANCED FACILITIES

The types of public facilities financed by the District include fire suppression services, emergency medical services, and fire prevention activities and other services including but not limited to (i) the costs of contracting services, (ii) equipment, vehicles, ambulances and paramedics, fire apparatus, supplies, (iii) the salaries and benefits of District staff that directly provide fire suppression

services, emergency medical services, fire prevention activities and other services as defined herein, respectively, and (iv) District overhead costs associated with providing such services within CFD No. 2006-1. On each July 1 following the Base Year, the increases attributed to salaries and benefits shall be calculated and limited to the increase based on the Annual Escalation Factor. The Special Tax will finance Services that are in addition to those provided in or required for the territory within CFD No. 2006-1 and will not be replacing Services already available. The Special Tax provides only partial funding for fire suppression services, emergency medical services, and fire prevention activities operation and maintenance

A. RATE AND METHOD OF APPORTIONMENT

Pursuant to Section D of the Rate of Method of Apportionment, commencing with Fiscal Year 2006/2007, and for each subsequent Fiscal Year, the CFD Administrator shall calculate the Special Tax Requirement based on the definitions in Section A and levy the Special Tax as follows until the amount of the Special Tax levied equals the Special Tax Requirement. First, the Special Tax shall be levied each Fiscal Year on each Assessor’s Parcel of Developed Property Proportionately between Developed Single-Family Residential Property, Developed Multi-Family Residential Property, and Developed Non-Residential Property, up to 100% of the applicable Maximum Special Tax. Second, if the Special Tax Requirement has not been satisfied by the first step, then the Special Tax shall be levied each Fiscal Year on each Assessor’s Parcel of Entitled Property Proportionately between Entitled Planned Single-Family Lot Residential Property and Entitled Planned Multi-Family Units Residential Property up to 100% of the applicable Maximum Special Tax for Entitled Property.

Developed Property means all Taxable Property, exclusive of Property Owner Association Property, Non-Residential Property, or Public Property, for which a building permit was issued prior to May 1st preceding the Fiscal Year in which the Special Tax is being levied.

Entitled Property means an Assessor’s Parcel and/or Lot in the CFD, which has a Final Map recorded prior to January 1st preceding the Fiscal Year in which the Special Tax is being levied, but for which no building permit has been issued prior to the May 1st preceding the Fiscal Year in which the Special Tax is being levied. The term “Entitled Property” shall apply only to Assessors’ Parcels and/or Lots, which have been subdivided for the purpose of residential development, excluding any Assessor’s Parcel that is designated as a remainder parcel determined by final documents and/or maps available to the CFD Administrator.
